

# Guide for Providers

## Welcome to REDEEM® HealthShare!

REDEEM HealthShare is a faith-based, health care sharing organization where members come together to care for each other's medical needs through prayer and financial support.

Every month REDEEM® members make a financial contribution to their share account. The funds collected by the community are used to pay eligible medical expenses.

## Medical bill submission

Medical bills should be submitted to REDEEM HealthShare electronically using the **EDI Payer ID SM325** or by mail to the address below. Bills will be processed for eligibility per the Sharing Guidelines.

Please include HCFAs and/or UBs to:

**REDEEM HealthShare**  
**PO Box 241119**  
**Apple Valley, MN 55124**

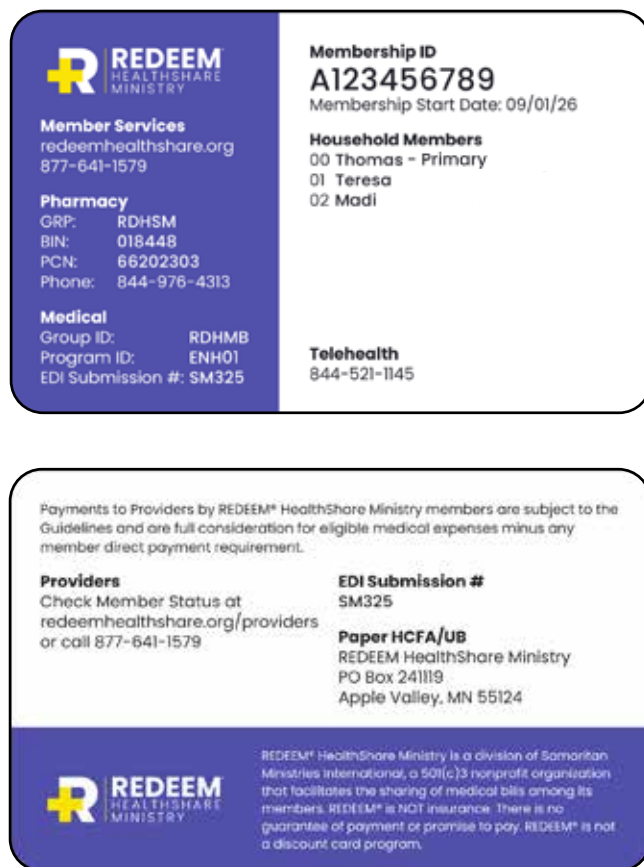

## Payment processing

Payments are typically made to providers within 30–40 days of receiving the member's bill. Payments are made from shares collected by the patient from the REDEEM member community.

## Member responsibility

Members are responsible for paying an Annual Unshareable Amount and, in some cases, a Co-Share before their bills are shared with the community.
